

RAFAEL DE CAMILLO MASSON

Computer Engineer - 23 years old

São Paulo, SP | +55 (19) 99239-0676

rafacmasson@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Computer Engineer focused on **Artificial Intelligence** and **Data Science**. Skilled in applying **Machine Learning** and **Deep Learning** to diverse challenges, ranging from cybersecurity and socioeconomic analysis to satellite imagery. Experienced in the full data lifecycle, including preprocessing, model development, and interactive visualization. Background includes practical experience in **Computer Vision** and cloud-based training workflows.

HARD SKILLS

- **Languages:** Python, C/C++, SQL.
 - **Data Science & AI:** Machine Learning, Deep Learning, Computer Vision, Data Analysis, Data Structures and Algorithms.
 - **Libraries & Frameworks:** PyTorch, TensorFlow, OpenCV, NumPy, Pandas, Matplotlib, Scikit-learn, Plotly, Seaborn.
 - **Tools:** Power BI, Kubeflow, Streamlit, Jupyter Notebook, Git.
-

PROFESSIONAL EXPERIENCE

SiDi - Intelligence & Innovation Center | *Computer Vision Intern* | 2024 – 2025

- Developed and enhanced segmentation and denoising models for both synthetic and real images.
 - Managed and preprocessed large-scale image datasets for neural network training.
 - Performed data analysis and validation to ensure training data quality.
 - Utilized **PyTorch** and **OpenCV** to implement computer vision solutions.
 - Leveraged **Kubeflow** for cloud-based training workflows.
-

EDUCATION

Federal University of São Carlos (UFSCar)

- Bachelor's Degree in Computer Engineering | 2020 – 2025

- **Undergraduate Thesis:** "Identification of Water Tanks and Swimming Pools as Potential Dengue Breeding Sites Using Satellite Images".
 - **Undergraduate Research:** "Data Analysis and Machine Learning for Intrusion Detection".
-

TECHNICAL PROJECTS

Global Development Analysis (World Bank Data) | *Data Analyst / Developer*

- Conducted a comprehensive analysis of global socioeconomic indicators for 2022 using the World Development Indicators (WDI) dataset.
 - Applied Unsupervised Learning techniques, including **K-Means** and **HDBSCAN** clustering, to categorize countries by development profiles.
 - Developed an interactive **Streamlit** dashboard to visualize cluster distributions.
 - Engineered a data processing pipeline using **Pandas**, **NumPy**, and **Scikit-learn**.
 - Current Roadmap: Implementing **Supervised Learning** models and **Time-Series Analysis** to track development evolution from 2000 to the present.
-

COURSES & CERTIFICATES

- **Machine Learning Scientist in Python** – DataCamp (2025)
 - **Data Analyst in Power BI** – DataCamp (2025)
 - **Associate Data Analyst in SQL** – DataCamp (2025)
 - **Associate Data Scientist in Python** – DataCamp (2025)
 - **Data Analyst in Python** – DataCamp (2025)
 - **Python Data Fundamentals** – DataCamp (2025)
 - **Math Program** – Kumon (2011 – 2020)
-

ADDITIONAL ACHIEVEMENTS

- **Scientific Olympiads:** Gold Medal (OBA 2019) , Silver Medal (OBA 2018) , Bronze Medal (OBMEP 2018) , Silver Medal (OBR 2016) , Silver Medal (OMU 2016) , Bronze Medal (OBI 2016).
 - **International Program:** International Journey of Science & Technology – NASA Kennedy Space Center International Academy, USA (2016).
 - **Fumagalli Trophy:** Outstanding Student of Elementary School Award – Limeira-SP (2016).
-

LANGUAGES

- **Portuguese:** Native proficiency.
- **English:** Full professional proficiency.
- **Spanish:** Limited working proficiency.
